THE TANAH STORY

In nature, birds travel thousands of miles, yet always seek a place to rest, reconnect, and belong.

Tanah was born from that simple idea.

Named after the word meaning "Earth", Tanah is designed as a gathering place where teams and professionals come together beyond the work place to unwind after work, share exceptional food, celebrate achievements, strengthen relationships, and create memorable experiences. Like a nest built branch by branch, every corner of Tanah has been thoughtfully created to make people feel welcome, comfortable, and connected.

Because the best teams are not built in meeting rooms.
They are built around conversations.

A SPACE DESIGNED FOR EVERY OCCASION

Team Bonding Events Celebrate milestones, project completions, and achievement

Leadership Dinners Host meaningful conversations with key stakeholders.

Client Entertainment Impress clients in a refined yet relaxed setting.

Employee Recognition Programs Reward teams with memorable experiences.

Festival & Seasonal Celebrations Create moments employees genuinely look forward to

At Tanah, every gathering becomes a story worth sharing. Because every great gathering deserves the right setting.
